

Dear

Thank you for your interest in Vibrations Parties! Are you ready to change your life? There is nothing more exciting than owning your own business! Owning your own business allows you many freedoms that a 9-5 job does not. In addition to owning a business that I love, I have a lot of fun.

Enclosed you will find the following information:

- 1 Vibrations Parties Opportunity
- 2 Information On Kit
- 3 Vibrations Parties Information
- 4 Stuff to help your business
- 5 Distributor Application

I've sold a lot of different products such as Pampered Chef, Avon. While those companies were great, I have found that Vibrations Parties is personally more rewarding. It's easier to sell, let's face it...everyone loves sex and romance! I don't have to wait for a paycheck on commission, I have the opportunity to help and educate other women, and it doesn't feel like work.

I'm sure you will find Vibrations Parties as exciting as I do. I'll give you a few days to look over the information and then I will follow up with you to see if you have any questions. (If you are like me, and can't wait, feel free to call me☺).

Have a great day!
